Evolving Partnerships Presents:

2 Day Self Hypnosis Seminar 2018

Providing World Class Training in Self Hypnosis,
while in a safe and comfortable environment.

Self Hypnosis is a journey into accelerated change
which is one of the most efficient and powerful tools to
create change in your life and transform your mindset.

This empowers a person to increase mental performance
through consciously making unconscious change

Over the 2 days you will learn to practically apply
Elman Induction Techniques and Post Hypnotic Suggestions
to generate behavioural changes.

Benefits of Self Hypnosis:

- Enhances the relationship between the Unconscious and Conscious Mind (Rapport)
- Puts you in charge of your own results
- Increases cognitive performance and skills
- Neurologically Therapeutic
- Reduces and/or eliminates stress
- Self-Empowerment
- Personal Development
